DETAILED ACTION

Claims 1, 3, 4, 6-9, 11 and 12 are currently pending in the instant application.

I. *Response to Arguments/Remarks*

Applicants' amendment, filed on December 16, 2008 has overcome the objection of claims 1,3,4, 6-9, 11 and 12 for containing informalities. The objection has been withdrawn. However, Applicants' amendment did not overcome the rejection of claims 7 and 8 under 35 USC 112, second paragraph as being indefinite.

II. *Rejection(s)*

Claim Rejections - 35 USC § 112, 2nd paragraph

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 7-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Specifically, the term "radical molecule " is not clearly defined in the specification to know the subject matter embraced by the term or to know the metes and bounds of the term.

Claims 7-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Specifically, the term "comprising" in claim 7 in the limitation "a NO-donor compound comprising a radical molecule..." is considered open-

ended because it does not clearly define what the NO-donor compound is in the claims or the specification. The term "comprises" in claim 8 is considered open-ended because it does not clearly define what the radical molecule is that can be used in the composition. It includes subject matter in the radical molecule of the composition that is not defined in the specification.

III. Conclusion

THIS ACTION IS MADE FINAL. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
